## **Message from the proud Principal—Mr May**

We raced through week five gearing up towards the Rural Athletics Day, and what a day it was. The sun was shining, the events cranking at full speed and the food was ever so delicious.

The main message from myself to the students for the day was there was no expectation for anyone to be THE best, what was important was to GIVE your best. Trying their best is what Tauhei Combined School did, with some amazing performances across all the events. Our school character really shone through as all participating students gave their all in competing against the other schools who were in attendance. This proud principal was able to witness our great kids shining and being determined to give their best efforts.

These days do not happen because of one person. Special mention must go to a few people. To Mrs Erceg and Mrs Hazlehurst for all the preparation leading up to the events during the term. This gave all the students a head start on their competition. An incredible effort from a group of Tauhei Legends preparing the food for the day. This was a mammoth task and all the food that was provided was delicious. Thank you to Mrs Averill and Mrs Woodall for your extended help and support, our students were in safe hands thanks to you. We had some amazing sponsors for the day as well, providing us with some excellent spot prizes which added to the already large smiles on the students faces.

This week we will be looking through the remainder of the term calendar and trying to finalise our dates and events for the rest of the year. We are looking forward to providing more information for these in the coming week.
