Project Energize

On Tuesday Renee Project Energize will be at school working on super summer salads sessions with all children. Each group will have a collection of ingredients to make a salad. We will eat our salads for lunch.

We would appreciate a donation of a salad ingredient to add to our mixture please.

HEAD LICE

We have a few cases of head lice at school. We have been informed by Morrinsville Medical Centre (so we are assuming that other medical centres are the same) that you can ring and get a script for treatment which can be filled for free of charge for your children. For treatment to be effective the whole household should be treated.

Renee's Tips

SUPER SUMMER SALADS

BULK IT UP!

Tip:
If using canned beans, lentils or chickpeas make sure you rinse them under water to remove the brine

Add beans, lentils or chickpeas to salads to make them go further.

They are high in protein which helps us grow, as well as fibre which helps us feel full for longer and keeps our digestive system healthy!
